June 26, 2007

Dear Lucy,

I just wanted to tell you what a terrific job you did as the keynote speaker at the Spring into Awareness Luncheon on April 26, 2007!

The audience was truly motivated by your discussion of “volunteerism” as was reflected in the many response cards received by the chapter. Your sense of humor and understanding of the audience helped make this event even more special.

Thanks again for sharing your personal story and for inspiring our guests!

Sincerely,

Nancy Rao
Director, Mass Market Campaigns
